### REFRIGERATED AREA

- 11' x 6' x 6' high, approximately 390sq feet of refrigerated storage space
- Low floor height of 18" and a 9" step make entry and exit easy.
- Lighted storage area
- 2' x 4' Metro shelving available as shown. Great for food storage!
- High quality polyurethane closed cell foam, a blend that has almost R-8 value per inch.
- Walls, ceiling and floor coated with a seamless Polyurea coating
- Rubber mat floor

### POWER REQUIREMENTS

- AC Power requirements: 15 Amps at 120 volts, power that is easy to find.
- Maximum 100' **12 GAGE ONLY** extension cords (provided).
- Generator available at an additional charge.

### TEMPERATURE CONTROL

- Operating Range: 10 degrees to 50 degrees
- Hot gas defrost system that's fast and effective.
- Digital electronic controls that are easy to read and use!
- Freezer curtains to help keep the cold air inside your trailer -- where it belongs!

### EXTERIOR FINISH

- White Steel finish with no markings makes this presentable at any event.
